Venue: GreenAcres Living Memorial Park Colney, Watton Rd, Norwich, NR4 7TY

The best legacy we can offer is having clear plans of all that needs taking care of as we reach the end of our life and also what needs to be done after we die.

This interactive workshop offers valuable information, support and inspiration in bringing simplicity and ease to what’s required in your preparations, whilst dispelling some of the myths on this topic.

During the day we will talk about:

- **Wills, Lasting Power of Attorney**
- **Advance Decision to Refuse Treatment**
- **Advance Care Planning, Funeral wishes**
- **Digital Footprint and a whole lot more**
- **Time for questions and a tour of the Park**
